CAREER OBJECTIVE

Fresher Computer Science undergraduate with hands-on experience in **Java, Spring Boot, and REST API development** through academic projects and internships. Seeking an **Entry-Level Java Backend Developer** role to apply strong fundamentals in OOP, DSA, and full-stack web development to build scalable, real-world applications.

EDUCATION

Ambalika Institute of Management and Technology

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.0)

August 2023 – June 2027

Lucknow, Uttar Pradesh

H.D. Jain College, Ara, Bihar

Higher Secondary (72.2%)

July 2021 – July 2023

Ara, Bihar

TECHNICAL SKILLS

- **Backend Development:** Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, JDBC, REST APIs, CRUD Operations, Microservices, Node.js, Express.js
- **Languages:** Java, C, C++, Python, JavaScript
- **Databases:** MySQL, MongoDB — Database Design, Query Optimization, JDBC Connectivity
- **Frontend:** React.js, HTML5, CSS3, Bootstrap
- **Tools & Platforms:** Git, GitHub, Postman, Maven, VS Code, Figma, Agile/Scrum
- **Soft Skills:** Problem Solving, Team Collaboration, Communication, Agile Development
- **Areas of Interest:** Java Backend Development, Full Stack Development, Competitive Programming, Open Source Contributions

EXPERIENCE

Frontend Developer Intern

Remote | Aug 2025 – Oct 2025

Edunet Foundation (AICTE – IBM SkillsBuild Program)

- Built responsive web applications using **HTML5, CSS3, JavaScript (ES6+), and React.js**.
- Integrated **REST APIs** and implemented modern UI/UX practices to enhance user experience.
- Collaborated using **Git/GitHub** for version control and team-based development.
- Gained hands-on experience through real-world projects and mentor-led technical sessions.

Web Development Intern

Remote | Nov 2024 – Feb 2025

CodSoft

- Developed and maintained dynamic web applications using the **MERN stack**.
- Implemented **responsive designs** and optimized performance for cross-device compatibility.
- Worked on **API integration** and database-driven features.

PROJECTS

Employee Management System — REST API with CRUD Operations

2025

Java, Spring Boot, Spring Data JPA, Hibernate, MySQL, Postman, Maven

- Designed and developed a **RESTful Employee Management System** using **Java and Spring Boot**, implementing full **CRUD (Create, Read, Update, Delete)** operations for employee records.
- Built a layered **Controller–Service–Repository architecture** with **Spring Data JPA and Hibernate** for efficient ORM-based database access to **MySQL**.
- Implemented **REST API endpoints** with proper **HTTP status codes, exception handling, and request validation**, and tested them using **Postman**.
- Applied **DTOs and entity mapping** to maintain clean separation of concerns and improve API maintainability and scalability.

Hotel Management System — JDBC-Based Application

2025

Java, JDBC, MySQL, OOP

- Built a **Hotel Management System** in **core Java** using **JDBC** for direct database connectivity, enabling room booking, guest management, and billing operations.
- Designed normalized **MySQL** schemas and wrote optimized **SQL queries** (joins, transactions) to manage room availability, reservations, and check-in/check-out records.
- Applied **Object-Oriented Programming (OOP)** principles for a modular, maintainable codebase and handled exceptions for robust database operations.

FreeSiksha — Online Learning Platform

2025

React.js, Node.js, Express.js, MongoDB, REST APIs

- Live Demo: freesiksha-v02-frontend.onrender.com
- Built a full-stack **e-learning platform** using the **MERN stack**, enabling users to access free courses, track progress, and manage content through a **REST API** backend.
- Designed a **responsive, accessible UI** with **React.js** and integrated backend services for authentication and content delivery.
- Deployed the application with a live production build, ensuring smooth **client-server communication** and cross-device compatibility.

ACHIEVEMENTS & CERTIFICATIONS

- **OCI AI Foundations Certification** — Oracle Cloud Infrastructure, covering foundational AI/ML concepts and cloud services.
- **Cisco Networking Basics Certification** — Cisco Networking Academy, covering core networking concepts and protocols.
- Solved 500+ **Data Structures & Algorithms (DSA)** problems on LeetCode (Highest Rating: 1667).
- Actively participated in the **Google Agentic AI Hackathon**, exploring agent-based AI solutions and receiving official certification.
