

# RAJ KUMAR SAH

Java Backend Developer | Spring Boot | REST APIs |

Lucknow, Uttar Pradesh | +91 9341961490 | rajkumar68580@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

## CAREER OBJECTIVE

Fresher Computer Science undergraduate with hands-on experience in Java, Spring Boot, and REST API development through academic projects and internships. Seeking an Entry-Level Java Backend Developer role to apply strong fundamentals in OOP, DSA, and full-stack web development to build scalable, real-world applications.

## EDUCATION

**Ambalika Institute of Management and Technology** — Bachelor of Technology in Computer Science and Engineering (CGPA: 8.0)

Lucknow, Uttar Pradesh | Aug 2023 – Jun 2027

**H.D. Jain College, Ara, Bihar** — Higher Secondary (72.2%)

Ara, Bihar | Jul 2021 – Jul 2023

## TECHNICAL SKILLS

- **Backend Development:** Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, JDBC, REST APIs, Node.js, Express.js, Spring Security
- **Languages:** Java, C,
- **Databases:** MySQL, MongoDB — JDBC Connectivity
- **Frontend:** HTML5, CSS3, Bootstrap
- **Tools & Platforms:** Git, GitHub, Postman, Maven, Docker, VS Code, Figma, Agile/Scrum
- **Soft Skills:** Problem Solving, Team Collaboration, Communication, Agile Development

## EXPERIENCE

**Frontend Developer Intern** — Edunet Foundation (AICTE – IBM SkillsBuild Program)

Remote | Aug 2025 – Oct 2025

- Built responsive web applications using HTML5, CSS3, JavaScript.
- Integrated REST APIs and implemented modern UI/UX practices to enhance user experience.
- Collaborated using Git/GitHub for version control and team-based development.

**Web Development Intern** — CodSoft

Remote | Nov 2024 – Feb 2025

- Developed and maintained dynamic web applications using the Java SpringBoot.
- Implemented responsive designs and optimized performance for cross-device compatibility.
- Worked on API integration and database-driven features.

## PROJECTS

**Billing Software** — Full-Stack Billing & Sales Management System

2026

- Developed a full-stack Billing Software system using Java 21 and Spring Boot 3.2.5 with RESTful APIs for category, item, billing, and order management.
- Implemented secure authentication and Role-Based Access Control (RBAC) using Spring Security and JWT for distinct Admin and User authorization workflows.
- Designed the database layer with Spring Data JPA and Hibernate on MySQL, supporting CRUD operations and automated subtotal, tax, and grand-total calculations.
- Built a sales analytics dashboard with daily, weekly, and monthly insights, and integrated Cloudfire uploads with a Razorpay-based payment architecture.
- Containerized the Spring Boot backend and MySQL database using Docker and Docker Compose, with environment-based configuration for application secrets.

**Tech Stack:** Java 21, Spring Boot 3.2.5, Spring Security, JWT, Spring Data JPA, Hibernate, MySQL, REST APIs, Docker, Docker Compose, Cloudfire, Razorpay, Maven, Lombok

**Employee Management System** — REST API with CRUD Operations |

2026

- Designed and developed a RESTful Employee Management System using Java and Spring Boot, implementing full CRUD operations with a layered Controller–Service–Repository architecture.
- Used Spring Data JPA and Hibernate for ORM-based MySQL access, and implemented REST endpoints with proper HTTP status codes, exception handling, and validation, tested using Postman.

**Hotel Management System** — JDBC-Based Application |

2025

- Built a Hotel Management System in core Java using JDBC, enabling room booking, guest management, and billing operations.
- Designed normalized MySQL schemas and optimized SQL queries (joins, transactions) for room availability and check-in/check-out records.

**FreeSiksha** — Online Learning Platform | 2025

- Built a full-stack e-learning platform using the MERN stack, enabling users to access free courses and track progress through a REST API backend.
- Designed a responsive, accessible UI with React.js and integrated backend services for authentication and content delivery.

## ACHIEVEMENTS & CERTIFICATIONS

- OCI AI Foundations Certification (Oracle Cloud Infrastructure) and Cisco Networking Basics Certification (Cisco Networking Academy).
- Solved 500+ DSA problems on LeetCode (Highest Rating: 1667); participated in the Google Agentic AI Hackathon.
